800 LIVES LOST IN STORM ON ISLAND

PROPERTY DAMAGE ON THE KEYS BELOW FLORIDA WILL REACH $3,000,000.

U. S. TO THE RESCUE

Tidal Waves Sweep Over Flat Lands and Wash Them Clean of Humans and Their Property.

New Orleans, Oct. 12—A wireless message from Tampa, Fla., says that the loss of life in the hurricane that swept the gulf coast will exceed 800. Four hundred workkmen who were engaged in building a railroad on the Keys, perished, according to survivors. Another wireless from Tampa later says that at least 1,200 lost their lives, the storm sweeping the entire southwest coast.

In addition to the dead, thousands are homeless, according to this dispatch and hundreds of buildings were destroyed at Key West, where the suffering was greatest. The town is a mass of wreckage. The property loss will reach $2,000,000.

A wireless from a vessel near Key West, caught by a local wireless station, says, that 800 lives were lost off the Florida Keys. After this statement, the message became a jumble of meaningless words. It was apparent that the sender was trying to describe a panic. It is impossible to learn the name of the vessel.

There was no great loss of life in Key West proper. On the unprotected islands there was the great fatality. Along the coast great waves took the inhabitants out to sea. The islands are practically flat with no places of refuge. The water swept every vestige of life away.

Martial Law in Force.

Martial law was proclaimed by the mayor of Key West at 6 o'clock Monday night as a result of the hurricane.

The white city is a mass of wreckage. Property damage is estimated at $3,000,000. The United States government has been asked to dispatch troops immediately.

The soldiers were ordered to shoot looters who began to pillage before dawn Tuesday. Lawless fishermen and cigar makers from adjoining islands started a raid on what was left of the gale-demolished homes of the city.

When the storm had reached its height at 1 o'clock, the speed was estimated at 100 miles an hour. A steady blow at that velocity continued from 8 a. m., until 3:30 p. m. By 4 o'clock the speed had diminished and by 5 o'clock the center of the storm wave had passed.

Vessels Lost.

The storm, which is wrecking the whole southern coast of Florida, did most damage in the thickly settled region of the Keys. Of the vessels, coastwise the islands, only 100 are in harbor. The rest have been washed away or, due to arrive have not returned. The streets along the water front are a mass of wreckage, and brick as well as frame buildings have suffered.

The population of the city, representing almost every nationality, is employed largely in cigar factories, fisheries and salvage companies. As soon as the wind died down plundering commenced, and for a time the police could not suppress it. As a consequence the mayor declared martial law.

Washington, D. C., Oct. 12.—Much damage was done to the army barrakes and buildings at Key West according to dispatches received by the war department. The dome of the army building was unroofed and others rendered unsafe. No lives were lost there. Acting secretary of war Olive has directed the commanding officer at Key West to render such assistance as possible to the city. A dispatch received by the war department is as follows:

"Eighty-mile hurricane six hours. Two barracks buildings unsafe, not considered repairable. Hospital unroofed. Hospital supplies damaged. Condensing plant wrecked. All buildings flooded. Rain. Have plenty water and cisters and 15,000 rations."

Reception.

The XXth Century gave an opening reception Tuesday afternoon at the home of Mrs. S. M. Torbett on South Broadway. A very large number of the Club's friends were received during the afternoon and regard the occasion as a very marked success in every way.

The pretty home was beautifully decorated in vines and pot plants, and punch refreshments served. A pleasant feature was the introduction of the lady Normal teachers whose names have been enrolled with the XXth Century Club.

Oscar Peeler Here.

Oscar Peeler, the young man who was associated with the notorious Jim Miller, who was lynched here some time ago, came in this morning from Ardmore accompanied by his mother. It was reported that two women at that place were each claiming to be his lawful wife, but Oscar disowned one of them.

A LARGER AND BETTER CITY

INVITATION TO GENERAL ASSEMBLY TO MEET HERE IN 1911.

SUMMER NORMAL

Teachers Institute to Be Held on Thanksgiving Day.

A large number of representative business men and citizens assembled in the 25,000 club rooms at 8 o'clock last night to discuss matters looking to the city's future growth. The meeting was called to order by President Lucas, who stated that the matters to be considered were of importance to the growth of the city, and that he was sure that every proposition looking to the advancement of the city would meet with a hearty approval from the members of the club. He introduced Rev. Mr. Needham, pastor of the Southern Presbyterian church of this city, who stated that it was his desire, as well as the desire of the members of his congregation, that an invitation be given the General Assembly to meet in Ada in May, 1911. He stated that representatives numbering more than two hundred and from fourteen states would be here, and as half of this number will be laymen there is a possibility of interesting a number in locating with us.

Judge Currie, a leading member of this church, heartily endorsed what Mr. Needham said, and upon motion of Mr. Hope an invitation is to be extended the General Assembly at its meeting next May to come to Ada in May, 1911.

Prof. Briles, president of the Ada Normal school, stated that the matter of division of territory between this and the Durant normal, is being agitated and that the latter school is contending for territory that logically belongs to Ada; the only means of getting what belongs to us is through organization, and that time and some money must be expended.

An important meeting of teachers that of an institute, will be held on Thanksgiving day, at some logical place, and Prof. Briles was instructed to secure the meeting.

A meeting of the stockholders of the Ada Gas and Oil Co., was held immediately after the club meeting, at which time reports were had as to the financial condition of the company and progress on the well that is being sunk on some of their holdings near this city.

I. O. O. F. Attention.

All Odd Fellows wether in good standing or not, are earnestly requested to be present Thursday night Oct. 14th. Your individual interests demand that you give the matter your attention. GEO. V. WEST, N. G.

In an opinion to the county attorney of Greer county, Attorney General West holds that the fixing of the salaries of county officers is based on the biennial census by the assessors, and that it takes effect when filed with the county clerk.

A certificate of authority was issued today by Bank Commissioner A. M. Young to the First State Bank of Tuskahoma, with $10,000 capital. Capt. A. A. Leseuer of Antlers, former secretary of state of Missouri, is president, W. H. Isherwood, vice president and R. E. Downing, cashier.

If the plans of the ministerial alliance and law and order league do not fail, Sunday theater and dance halls will be a thing of the past in the near future. A meeting will be held tomorrow morning, when plans will be made to enjoin theaters and dance halls from operating on Sunday.

There is no authority in law for the state board of education to make a rule requiring all students in the low first grade to enter within the first two weeks, according to an opinion from Attorney General Charles West to State Superintendent Cameron. The Attorney general holds that the rule could only stand if reasonable and that it is his judgment it is clearly and utterly unreasonable.

Because the district judge set aside an attachment, when it was admitted that a fraud had been committed, on account of the poverty of the defendants, the case of the Northwestern Thresher Co. vs. G. T. McCarroll, from Grant county, was appealed to the supreme court today. The company obtained judgment for $690 on a note and levied an attachment against McCarroll's home. In disposing of the attachment case the judge said: "I don't believe I will take the home away from these folks, but somebody is defrauded in this case; that is all there is to it. It is all right to be poor. As far as that is concerned we are all poor, but we can be honest. But for the benefit of these children I presume they had better be saved in this home. I will set this execution aside but I don't want this to establish a precedent."

MEMORIALIZE CONGRESS

Unexpected Steps Taken by Choctaw Council for Winding Up Affairs.

Tuskahoma, Oct. 11.—Following is the text of the memorial adopted by the Choctaw council last week, asking congress to authorize the government of the United States to purchase the undivided property of the Choctaw and Chickasaw tribes:

"Whereas, The allotting of lands to the members of the Choctaw and Chickasaw tribes is practically completed; and

"Whereas, Said coal and asphalt lands were not disposed of as was provided they should be by said Choctaw-Chickasaw supplementary agreement, but were withdrawn from sale by acts of congress approved in 1904 and of April 26, 1906, subject to the further direction of congress and

"Whereas, There are remaining unsold and undisposed of about 5,000 town lots belonging tot he Choctaw and Chickasaw tribes, according to the plats, surveys and other records of the Choctaw and Chickasaw townsite commission; and

"Whereas, The Choctaw tribe of Indians owns many public buildings, such as the capitol building, academy and seminary building, court houses and jails undisposed of; and

"Whereas, The Choctaw people very much desire to dispose of all the undivided property now held in common by the Choctaw and Chickasaw tribes, and make division and final settlement therefo, giving to each Choctaw and Chickasaw his prorata share of said property, or the proceeds thereof; and

Whereas, By an act of congress approved March 3, 1893, creating the so-called Dawes commission and authorizing negotiations with the solution of the tribalr elations, etc., declared its purpose to procure the cession, at such price and upon such terms as shall be agreed upon of any lands not found necessary to be so allotted or divided, to the United States; therefore, be it

Resolved, by the general council of the Choctaw Nation assembled.

"Section 1. It is the sense and desire of the Choctaw people, expressed and declared through their representatives in general council assembled that the government of the United States purchase all the undivided property belonging to and now held in common by the Choctaw and Chick asaw tribes of Indians, consisting of the unalotted lands, the coal and asphalt lands and the undisposed of town lots; and the government purchase, also, the public buildings of the Choctaw tribe at an appraised price, all to the end that Choctaw and Chickasaw tribal affairs may be finally and properly closed up and each Choctaw and Chickasaw citizen get his pro rata share of said property, to which he is justly entitled and for which he has an immediate need.

"Sec. 2. The Choctaw Nation is willing and hereby proposes that the United States government may take all the undivided property of the Choctaw and Chickasaw tribes, including the unallotted lands, the coal and asphalt lands, the undisposed of town lots and also the public buildings, the court houses and the jails undisposed of at a price of $60,000,000.

"Sec. 3. That the congress of the United States be and hereby is respectfully memoralized to take appropriate action looking to the consideration of the proposition herein made by the Choctaw nation or tribe of Indians, and that we may be advised through our principal chief of the pleasure of the United States government in the matter.

"Sec. 4. That this resolution take effect and be in force from and after its passage and approval."

BOY DESPERADO KILLS OFFICER

Robs Bank and Makes Successful Dash for Liberty.

Lawrence, Kas., Oct. 11.—Scores of armed citizens are searching the surrounding country tonight for Earl Bullock, an eighteen year old desperado who today robbed the state bank at Eudora and later fatally wounded Policeman Wilson Pringle, who attempted to arrest him at his mother's home here.

Recently Bullock was charged with robbing a second-hand store here and he went to Eudora. Deputy Sheriff E. Woods sent after the boy. He found Bullock this afternoon and arrested him. Desiring to talk with E. E. Wilson, cashier of the state bank in Eudora, Wood accompanied the boy to the institution to see his friend.

While Wood and Wilson were talking Bullock drew two revolvers and ordered them to throw up their hands. They complied and Wood marched them into the vault and locked the door. After helping himself to about $1,000 of the bank's funds, Wood departed. Two hours later citizens released the two men from the vault and a search for Bullock was instituted. Policeman Pringle traced the boy to his mother's home here and went there tonight to arrest him. Bullock shot down the officer and made a successful dash for liberty.

BIG SALE OF CATTLE.

Deal Carries Nearly Three Thousand Acres of Pasture.

Okmulgee, Okla., Oct 11.—During the past week was consummated a deal of considerable magnitude in cattle and ranch property Dr. J. D. Brazil and C. H. Wilson purchased their hold-over steers, number 2,095 thirty-five head of saddle horses, 950 tons of hay and all ranch equipment with leases on 15,000 acres of pasture lands in Okmulgee and Okemah counties. The consideration was $78,000 and practically represents the money made by them during the eight years they were in the cattle business. Mr. Brown declares that their gain in business was made largely during the last two years

Brazill & Wilson, previous to their recent purchase, had 1,500 head of steers and controlled leased and deeded lands to the amount of 2,500 acres, so that now with 3,500 head of steers and 2,800 acres of pasture land known to be the best in this section of Oklahoma, because of it being largely prairie land well watered, places them among the largest cattle growers.

KILLS MAN IN DEFENSE OF HOME

DINK DUKES SHOOTS MARION ROSS WHO DIES INSTANTLY.

Did Not Want Any One in His Home in Their Condition.

Stigler, Okk., Oct. 12.—Last night "Dink" Dukes, who lives in the Canadian bottom, eight miles north of this place, shot and instantly killed Marion Ross at the home of the former.

Ross, in company with several companions, all said to have been intoxicated went to the home of Dukes to visit his daughters. On arriving at the house they dismounted and started into the yard, when Dukes met them and demanded that they leave the premises at once, as he did not want any one in his home in their condition.

The boys took offense at these remarks and, it is alleged, became very boisterous and used vile language in the presence and hearing of Dukes and his family, and told Dukes that they were going to run him off and take possession of the place. Dukes retreated into the house with Ross following, armed with a club. As Ross stepped on the front porch he was met with a volley of six shots from a revolver in the hands of Dukes and was instantly killed.

Dukes gave himself up and is now in jail at this place pending a preliminary trial which will take place in a few days.

REFUSES PACKAGE NO. 13.

Negro Believes Letter to Be a Hoodoo.

Wichita, Kan., Oct. 10.—The local postoffice authorities have a new problem to solve. C. C. Johnson, a negro, refuses to accept registered packakge number 13, which a carrier attempted to deliver to him because of the fear of latent hoodooes the packacge may contain.

The possibility that the package may contain wealth is no inducement to Mr. Johnson. The authorities can find nothing in the postal laws and regulations to cover the case.

GIN TRUST FIGHT IS ON

GRAND JURY PROBED THE MATTER OF TRUSTS BETWEEN GINNERS.

Signal to Every County in State to Take Up Prosecution.

Guthrie, Ok., Oct. 11—When the special grand jury called to meet in Guthrie Monday has completed its work, it will be a signal to every county in the state to take up prosecutions against cotton ginners who are alleged to have violated the Oklahoma anti-trust law, in that their conduct is in restraint of trade.

The jury was called to meet Monday morning, but belated trains caused postponement until 1:30.

According to interpretation of the law by Attorney General West, one cotton gin in a town, without competition, may be a trust; when there is more than one cotton gin, even though it cannot be proved that they are operating as a trust, if their rules and regulations are such as would restrain trade, then they are guilty of violating the anti-trust act.

The call for the grand jury here was upon showing of complaint by assistant attorney general E. G. Tilman, acting under direction of Attorney general West.

It is charged that the ginners of Crescent and Guthrie, Logan county, are in a compact to discourage independent buyers and force the growers to sell to the ginners at prices fixed by themselves and that they enforce this practice by charging exorbitant prices for ginning.

The attorney general's office has sent letters to every county attorney in the state asking that violations of the law be investigated.

MUST BUY GOOD ROADS IF YOU HAVE THEM

No Amount of Talk Will Bring Them, The Price Must Be Paid.

The people of every state in the nation have been more or less interested in the question of building roads, and for many years the matter has been agitated; but so far few states have learned that the only way to have them is to pay the price.

It is out of the question to think that roads can be built by meeting in convention and resoluting upon the question—they come only through a united effort of the people, who must pay the price. It costs money to make roads, and we are pleased to note that the citizens of Pontotoc county are beginning to realize this fact and are taking steps in the right direction to secure them.

It is confidently believed that before another year shall have passed that arrangements will have been completed and active work will have begun on several roads leading out from Ada. There is no county in the state possessing more or better material for the construction of public highways, making the cost much less than that of some of our sister counties, and one of the best features of roads constructed on scientific plans are the cheapness of maintaining them after once built.

An advertisement in the News will bring, larger returns than any investment a merchant can make.

BIG DAMAGE SUIT AGAINST REVENUE AGENT

Asks For $20,000 for Injuring Reputation.

Dr. J. Welch of near Chickasha, has brought suit against J. B. Kelsey, father of U. S. Indian Agent Kelsey, for $20,000 damages.

The suit was originally brought in the district court of Grady county and was today transferred to the United States circuit court at Muskogee.

J. B. Kelsey, who is a government revenue collector under Indian Agent Kelsey, caused the arrest of Welch at Alex, Ok., last May on a charge of cutting timber on Indian lands, according to the petition. The federal grand jury at McAlester failed to indict Welch and now he brings suit for damages.

Welch esserts in his petition that he was arrested at Alex, dragged through the streets of the town by a deputy United States marshal, forcibly taken to the town of Chickasha and there forcibly imprisoned. He claims the action of Kelsey caused him to spend a large sum of money to defend himself, and injured his reputation to the extent of at least $20,000.—Musogee Times-Democrat.

BOOM FOR DUNN IS TO BE LAUNCHED

Alva Man Chosen by Ardmore Democrats for Governor.

Ardmore, Okla., Oct. 11.—The Morning Democrat of this city will tomorrow morning launch the boom here of Judge Jesse Dunn for candidate for governor This is Lee Cruce's home. The Democrat under the editorial management of L. T. Russell was one of the foremost Cruce supporters in the campaign two years ago.

The paper has changed management since then, however, and also its mind concerning gubernatorial timber. The disposition of the paper's perferment in candidates is sigper's preferment in candidates a quasi administration candidate and the Democrat's attitude is inferential if not really plain in its impression of the administration of Governor Haskell.

Deafness Cannot Be Cured

by local applications, as they cannot reach the diseased portion of the ear. There is only one way to cure deafness, and that is by constitutional remedies. Deafness is caused by an inflamed condition of the mucous lining of the Eustachian Tube. When this tube is inflamed you have a rumbling sound or imperfect hearing, and when it is entirely closed, Deafness is the result, and unless the inflammation can be taken out and this tube restored to its normal condition, hearing will be destroyed forever; nine cases out of ten are caused by Catarrh, which is nothing but an inflamed condition of the mucous surfaces.

We will give One Hundred Dollars for any case of Deafness (caused by catarrh) that cannot be cured by Hall's Catarrh Cure. Send for circulars free. F. J. CHENEY & Co., Toledo, O.

BIRTH OF THE GERMAN NAVY.

A Few Facts Showing the Wonderful Progress Made in Building Up a Marine Power.

Some idea of the wonderful progress of the German navy is gained when one realizes that Vice-Admiral Reinhold von Werner, whose death is announced at the age of 84, saw practically the birth of that navy as we now know it. When the German fleet was sold by auction in 1852 Werner secured a commission in the new Prussian navy, and during the war with Denmark he commanded one of the three steam frigates, then the principal ships of the Prussian navy. At the date of the formation of the federal navy Werner was director of dockyards at Danzig. In 1869, however, the deceased vice-admiral returned to active service, and at the time of his retirement in 1878 he held the command of the Baltic station. He devoted the last 30 years of his life to the patriotic task of popularizing the idea of that sea power which he had seen grow from insignificant proportions to a strength which has done so much to stimulate the shipbuilding of other nations. He was a prolific writer, and his authorship extended over a long period. Even at the time of the Battle of Jasmund he attracted attention by a work on the Prussian navy, its present and its future.
